March 30th 1905

To
Mrs M. Parlow.

Dear Madam!
Your Daughter's playing
of
Max Bruch's "Swedish Melodies,"
Beethoven's "Romance in G major"
and
Ernst's "Airs Hongroise"
yesterday at my House,

enables me to say,
that I consider her
to be the blessed pos-
sessor of very prominent
musical gifts, and that
her Violinistic Technique,
developed on healthy
art-principles, is
already so prominently
advanced that she is
able to reproduce
the enormously difficult
"Airs Hongroise" by Ernst,
with that dash of enthusiasm

which animates that
class of modern Violin-
music, quite faultlessly
and without any
apparent special
efforts.

Feeling sure that
Miss Kathleen will
in due time - life
and health permitting -
secure a ^{foremost} place among
the most prominent
Violinists of our time,
and that her playing,

at her young years,
even now will be joy-
fully appreciated by all who
hear her, I remain,
with hearty good
wishes for her well-
merited artistic success

Yours very faithfully
August Manns
